## WHAT IS A MUN CONFERENCE ?

A Model United Nations (MUN) is an educational simulation of the UN System where students can learn about diplomacy and international relations. At a MUN Conference, students work as the representative of a country, organization or person and must solve a problem with other delegates from around the world. MUN teaches participants research, speaking, debating, and writing skills, in addition to critical thinking, teamwork, and leadership abilities. It is meant to engage students and allow them to develop deeper understanding into current world issues.

# THE NYC EVENT

Tireless, avant-garde, majestic. New York is one of the global center where the fate of the entire planet is decided. Moreover, is the city that host the United Nations Headquarters. These are all obvious reasons why the Change the World MUN could only be born here. From the Empire State Building to the Top of the Rock, from Brooklyn Bridge to First Avenue, from Times Square to Central Park, you're going to live three days as a UN delegate and enjoy the metropolitan charm of an extraordinary city.

## WORKING SESSION & UN HEADQUARTERS

The CWMUN working sessions are normally held in large dedicated spaces (conference centers, hotels, etc.) that allow participants to work with their peers in different Committee. But since its foundation, the working session of the Change the World MUN have been carried out inside the UN Headquarters. The approval procedure for requesting the use of the General Assembly Hall is currently subject to regular evaluation by the UN Secretariat. The availability of the spaces within the UNHQ is naturally subject to the carrying out of any ordinary and extraordinary events of the Organization of the United Nations.

Economic Diplomacy™ is a Model Company Board: an exclusive training experience designed to offer the opportunity to discover and explore the world of economic diplomacy and to understand the dynamics that underlie the choices of public actors and multinational private companies.

Participation in Economic Diplomacy™ does not replace Model UN activity, but enhances it. The program adds specific online training sessions aimed at acquiring the theoretical and practical knowledge of negotiation techniques specific to the economic sector, as well as the tools for a deeper understanding the interconnection between the public and private sectors.

The training activities also include guided simulations held inside some of the most important companies headquartered in NYC, during which participants learn how to act as executives and members of the Board.
